

CHAPTER IV

CONCLUSION AND SUGGESTION

This chapter focuses on the conclusion for the result of research and the suggestions for the further improvement.

A. Conclusion

Based on the data analysis and discussion above, the researcher came to conclusions. The researcher got closer to the fact that Hot Seating strategy could improve students' speaking skill as the answer of the problem statement. It was got from the applying of research instrument that had been applied including speaking test. According to the result of test (pre-test and post-test) which had been include speaking test to the students, the researcher concluded that there was an improvement score from the pre-test to the post-test. The mean score of pre-test was 65,00 and improved to be 70,50 in post-test. It showed that the mean score students' of pre-test was higher than the mean score students' of post-test.

B. Suggestion

Based on the conclusion above, the researcher put some suggestion as follows:

1. For Teacher

The researcher would like to give a suggestion to the teachers of English that this method was very useful to teach speaking or even practicing speaking inside the classroom however there were many method to be used in teaching lerning process, but using hot seating strategy to teach speaking that could overcome your problem while teaching English especially teaching speaking such as, students were difficulties expressing their idea and students less

motivated. This method was better for you, beside that this method had strength and weakness.

2. For Researcher

Hopefully it can be reference to doing other researcher related to the recent research or trying to explore other ways to improve speaking skill.
