BAB V

CONCLUSION AND SUGGESTION

A. Conclusion

After conducting research at MTs. Al-Faaizun Watang Palakka and after the data were analyzed, it can be concluded that the Hello English Application has an influence on increasing student achievement in vocabulary mastery. It can be proven by the experimental mean value is much increased in the post-test value meanwhile, the mean value of the control class did not increase. The post-test scores which significantly increased in the experimental class after the treatment was applied. In the pre-test experimental class, the mean score is only 34 and becomes 57.3 in the post-test meanwhile, in the control class, the mean score of the pre-test was 43 and the post-test was only 39.6. This shows that the class using the Hello English Application as the treatment showed a significant increase.

Based on the independent sample t-test output, If the value of sig. (2-tailed) <0.05, then there is a significant difference between learning outcomes in the experimental class and the control class. If the value of sig. (2-tailed) >0.05, then there is no significant difference between the learning outcomes of the two classes. The value of sig. (2-tailed) is 0.002. This shows that there is a significant difference in the learning achievement of the two classes because of the sig. (2-tailed) is under 0.05. From the data, it can be conclude that H_0 is rejected and Ha is accepted. This proves that Hello English has a significant influence on student achievement in vocabulary.

Based on the data analysis, it can be concluded that there is an effect of using the Hello English Application on student learning achievement at the 8th grade of MTs. Al-Faaizun Watang Palakka.

B. Suggestion

Based on the following conclusions, the researcher suggests the following parties:

1. It is recommended that teachers use Hello English Application to increase their students' vocabulary mastery.

2. It is recommended for students working on all missions on Hello English Application.

3. It is hoped that this thesis will be useful to both the researchers and the readers. It is hoped that readers will learn about the use of Hello English in English learning and teaching. It is expected that future researchers will conduct research to discover another significance of Hello English Application in other English language skills.
